

STATEMENT OF PURPOSE

RS23953C1

This bill reenacts the provisions of House Bills No. 155 which was earlier enacted by the House this Session and the need for this enactment is that House Bill No. 90, which is law, repealed the Open Meeting Law and this act would put the changes H155 made to the Open Meeting Law into the new Title 74, Idaho Code, which HB90 provides. HB155 increased the civil penalties for violations of the State Open Meeting Law. There have been no adjustments to these penalties since the law was enacted in 1974.

FISCAL NOTE

There could be a minor increase in the General Fund.
